

AFTERNOON SPORT

CLUBS

At Fairisle Infant School we continue to proudly offer a number of afternoon clubs for our children. During the Autumn term we have been running basketball on Mondays, football on Tuesdays, street dance on Thursdays and multi-skills on Fridays. Children at Fairisle Infant are keen participants to these sessions which are usually well attended.

Basketball: In this session children have been learning how to confidently hold and bounce the ball, dribbling, using chest pass, passing whilst dribbling or moving, scoring, playing as a defender and as an attacker and working in teams.

Football: During this popular session, children have been practising dribbling and passing the ball, finding a space to receive the ball, moving fluently in different directions, scoring and working as a team.

Street Dance: Pupils attending to this exciting session have been learning different styles of dance from Hip-Hop to Jazz, enjoying performing songs and

scenes from famous musicals. This has enabled children to improve their coordination, sense of rhythm and body control whilst having fun.

Multi-skills: Multi-skill sports games can be described as activities, games and practices that are designed to challenge participants to learn a range of different skills and techniques that are inclusive, maintain consistent levels of competition, and are challenging - while remaining fun and enjoyable for all participants. Children attending this very popular session have been learning skills related to invasion games, including throwing and catching, sending and receiving, kicking and bouncing, creating space, changing direction and teamwork. They have also practised skipping, running, jumping and hopping.
