

# Art Club

In Art Club we do a different art activity every week using a range of media and materials.

We have recreated the work of famous artists, created our own pictures and made plasticine animal sculptures. We have also created shadow puppets and put on a puppet show for the rest of the group.

We also do seasonal art for example painting pots for sunflowers and taking photographs using the sun.

We have lots of fun in art club!

## Steve Porter

We worked with the artist Steve Porter to design and create a mural all about our school and respecting rights. You can see our work on the school gates!
