

Maths

- Learn the 2, 3, 5 and 10 multiplication facts
- Solve problems involving all four operations and apply to different contexts e.g. measures
- Understand and use the term 'difference'
- Read and write two and three digit numbers
- Make and draw 2D shapes, patterns and 3D models, finding halves, thirds and quarters
- Measure length, height, weight and capacity of a range of objects
- Count in steps of 3 and 4.
- Count on and back in step of 1, 2, 5 & 10 from various start numbers
- Position numbers on a number line or scale numbered in 2s, 3s, 5s or 10s
- Use repeated addition and repeated subtraction
- Find halves and quarters of shapes and numbers
- Place value and partitioning within 100 applying this process to addition
- Subtract mentally a two digit number from a two digit number
- Use inverse (opposite) as a way to check calculations
- Use coins to make different amounts in different ways
- Read time to the nearest 5 minutes
- Recall properties of 2D and 3D shapes
- Understand place value - hundreds, tens, units/ones
- Understand Commutative Law for Addition and Multiplication

Fairisle Learning News

Year 2 Summer 1

These are some of the areas the children will be covering in school this half term.

PE

Dance - Theatre Dance

Games—

Tennis

RE

Baisaikhi

- Describe in simple terms their response to the ideas of remembering
- Identify simple examples of how remembering affects them and others
- Describe what Sikhs remember at Baisaikhi
- Describe in simple terms the importance of Sikhs remembering Guru Gobind Singh story during Baisaikhi

D.T

Puppets

- Discuss their ideas as they develop and be able to say what their design has to do.
- Create a puppet that works using a given technique.
- Stitch two pieces of fabric together and add features using appropriate materials and techniques.

Science

Living things and their habitats

- Living things are adapted to survive in different habitats.
- There is variation between all living things.
- Different animals and plants live in different places

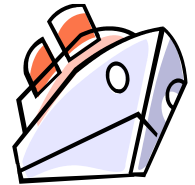

Computing

- Use a floor turtle (Beebot) - give instructions through an algorithm
- Accurately predict the results of the Instructions.

History

To learn about the Titanic and it's significance to people in Southampton.

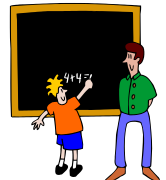

English

- Plan and write stories, information and poems.
- Use VCOP (Vocabulary, Connectives, Openings and Punctuation)
- Proof read and edit their work to check that it adds impact for the reader
- Start to use paragraphs in writing
- Use suffixes: less, ful, ly, ness, ment
- Know what a noun, verb, adjective and adverb are. Be able to identify them in sentences
- Learn about homophones and the possessive apostrophe
- Read and re-read a text—answer
- Questions that use inference and deduction
- Children will learn about the different sentence types—command, exclamation, statement, question
- Use speech and speech marks
- Use the past and present tense correctly
- Expand noun phrases
- Use connectives such as—when/if/so/but/that
- Write in neat cursive

Say No to Bullying!

Ways in which you can support your child's learning:

- Read with or to your child every day. The wider the range of materials the better. Ask them questions to ascertain their understanding.
- Practise your child's spellings with them.
- Count in multiples of 2, 5 and 10 then 3 and 4 forwards and backwards. Introduce the times tables.
- Research 'Titanic' on the internet, with an adult and use information books.
- Explore plants and animals as living things and their habitats. Go on a mini beast hunt!
- Tell the time to the nearest 5 minutes both digital and analogue e.g. twenty to 7, 5:45pm, ten past nine, seven forty...
- Play tennis
- Make simple puppets—sewing
- Ask questions such as—What helps you to learn? How do you know you are making progress? What are your next steps?
