Dear Parents and Carers

I sincerely hope that you and your families are all keeping safe and healthy. This has been a tumultuous start to the new year and we can only look forward to brighter times. We have welcomed back children of critical workers and vulnerable children and they are settling into their new bubbles, some with old friends and some making new friends.

Teachers are providing online learning for those children who are not currently at school and I hope that your child is engaging well with the various learning activities. In addition, children's learning resources on our website [CLICK HERE FOR LINK](#) also contains a wealth of learning activities, including free video lessons from the national Oak Academy covering most subjects, from Reception to Year 11.

Thank you for the kind and positive comments teachers have received from parents in response to the online learning. We have been impressed by the quality of some of the children's work. Thank you to all the parents for your patience and support with remote learning.

We will be in regular communication with you, but please do not hesitate to contact us if you need any further support or advice.

Stay safe everyone.

Your sincerely

Susanne Ottens

Headteacher
